### NO MORE PEACE TERMS

Steel Corporation Decide to Resume  
With Non-Union Men.

### NOTICES ARE POSTED

They Give the Men Until Monday to  
Return to Work—Will Pay No  
Further Attention to Any  
Peace Propositions.

New York, Sept. 6.—It is under-  
stood that it is probable that the United  
States Steel Corporation will take no  
cognizance of the Amalgamated associa-  
tion's executive board of Pittsburgh  
whatever the conclusion may be. It is  
learned from authoritative source that  
the time named in tentative agreement  
reached by the conference here on  
Wednesday had expired; that the steel  
corporation had decided to participate  
in no further peace discussions and that  
there will be an immediate movement  
for a general resumption of work with  
non-union men and such strikers as are  
willing to return to their places.

### NOTICES POSTED.

They Warn All Men to Return to Their  
Places by Monday.

Pittsburg, Sept. 6.—The advisory board  
or the general executive of the Amalga-  
mated association have been ordered to  
this city, it is said, to consider what is  
believed to be a practical ultimatum of  
the United States Steel Corporation.

President Shaffer was at the Amalga-  
mated rooms early this morning, but  
refused to give any information, or ad-  
mit a conference had been called.  
Others were equally reticent.

Among the rumors current was one  
to the effect that the board would  
go to New York at once, but this  
could not be confirmed. Another re-  
port was that the plan for a settlement  
of the strike would be decided upon  
that would be acceptable to steel officials.

In corporation circles it is positively  
announced that as the last offer made  
by the steel combination has been re-  
jected that all negotiations are ended.  
Orders have been given to start all  
idle plants immediately and prepara-  
tions begun to resume with non-union  
men.

A notice was posted at the Demmler  
works requesting operatives to return  
to work by Monday or new men would  
take their places.

Advices from McKeesport show that  
1000 men are working.

At the Painter works it is announced  
that sufficient men to operate a double  
turn have been secured and five mills  
will be put on next week.

### A Possible Settlement.

Pittsburg, Sept. 6.—The prevailing  
opinion in Pittsburg is that the steel  
strike is practically settled, but nothing  
positive can be learned from either side  
to the contrary. Yesterday was spent  
by the Amalgamated advisory board in  
secret conference, behind doors guarded  
closer than ever before. The newspaper  
"dead line" was drawn most effectually.  
When adjournment for the day came,  
those who had been inside headquarters  
refused to talk.

### Looks Like a Strike.

Pittsburg, Kas., Sept. 6.—The situa-  
tion in the miners' strike looks more  
serious. The miners national board has  
authorized the district board to use ex-  
treme measures if necessary to force the  
"big four" operators to a recognition of  
the union, which is virtually the cause  
of the trouble.

State Labor Commissioner Johnson is  
here and has offered his services as ar-  
bitrator, but the district board decided  
that arbitration is not wanted for the  
present.

All the mills are preparing for trouble.  
Stockades are being built about the  
mines and guards are being posted.  
There is bad feeling between the union  
and non-union men and trouble may  
ensue.

### Assaulted by Strikers.

Pittsburg, Sept. 6.—A Canal Dover,  
Ohio, dispatch says General Manager  
Cline of the American Sheet Steel com-  
pany's plant, was assaulted by a striker  
and carried to his carriage unconscious.  
It is not known how serious he was in-  
jured.

### State Treasurer Stowers Resigns.

Jackson, Miss., Sept. 6.—J. R. Stow-  
ers, the state treasurer, suspended by  
Governor Longino last week as a result  
of an alleged shortage found when the  
governor counted the cash and which  
was made good later, has tendered his  
resignation as treasurer and the govern-  
or has accepted it. The governor, it is  
understood, will appoint Acting Treas-  
urer Carlisle to the vacancy and order  
an election as provided by law.

### Church Burned and Pastor Arrested.

Philadelphia, Sept. 6.—The Padding-

ton African Baptist church, a small,  
frame structure at Fifty-eighth and  
Race streets, was destroyed by fire. Rev.  
N. H. Hester, the pastor, was arrested  
charged with setting fire to the edifice.  
Hester was suspended by the elders a  
month ago, having been accused by his  
wife of immoral conduct.

col.

### A STORMY SESSION.

Injection of Boer War into Methodist  
Conference Caused It.

London, Sept. 6.—A stormy meeting  
of the ecumenical Methodist conference  
resulted this morning from the read-  
ing by Rev. C. W. Smith of Pittsburg,  
Pa., of a paper on "The Influence of  
Methodism in the Promotion of Inter-  
national Peace." The 5-minute rule  
was adopted and the pastors made fiery  
speeches for and against the war in  
South Africa. The campaign came in  
for a lot of criticism and the chairman  
ruled the reference to it out of order.  
Many Americans took part in the dis-  
cussion, but none of the more promi-  
nent bishops spoke. The speeches were  
punctuated by frequent noisy interrup-  
tions and cheers and counter cheers.  
There was a scene of considerable disor-  
der, and the discussion terminated with-  
out any conclusion being reached.

Rev. George Elliott of Detroit, Mich.,  
bitterly denounced the war.

Rev. R. J. Cook of Chattanooga,  
Tenn., defended the necessity of hos-  
tilities to vindicate principles.

Rev. J. M. King of Philadelphia, Pa.,  
said the best solution of the question  
was in President McKinley's sentences  
uttered at Buffalo: "Period of exclusiv-  
ness is past. Expansion of our trade  
and commerce is the pressing problem.  
Commercial wars are unprofitable. A  
policy of good will and friendly trade  
relations will prevent reprisals. Reci-  
procity treaties are in harmony with  
the spirit of the times, measures of re-  
taliation are not." The reading of which  
brought forth loud applause.

Robert W. Perks, a member of parlia-  
ment, a prominent contractor and  
vice president of the Liberal imperial  
council, deprecated the usefulness of  
clerical manifestos. He believed some  
wars were necessary, but the growing  
tendency toward unnecessary strife was  
due greatly to the influence of corrupt,  
unlicensed journalism.

Rev. E. E. Hoss of Nashville, Tenn.,  
said it would be impertinence for the  
conference to tell Great Britain what to  
do in South Africa.

### KAISER DISPLAYS TACT.

He Saved the Chinese Situation Where  
Other Sovereigns Failed.

New York, Sept. 6.—Discussing the  
Prince Chun incident and the reception  
of the famous Chinaman by the Ger-  
man emperor, the London correspon-  
dent of The Tribune, says the German  
emperor will be fortunate if he escapes  
the caricaturist art, for the leading  
writers are unable to resist the tempta-  
tion to ridicule the Chinese melodrama  
or farce stage-managed by him. The  
democratic view of this theatrical in-  
cident differs from the press opinion.  
The German emperor is credited with  
having shown astuteness and cleverness  
in making something out of a bad, an  
apparently hopeless situation. The em-  
press dowager and Prince Chun have  
baffled the resources of European diplo-  
macy, and had forced from the German  
emperor concessions which took the  
sting of humiliation out of the mission  
of reparation. The diplomatic view is  
that the emperor saved the situation  
where any other sovereign in Europe  
would have failed of tact of inventative  
skill and dramatic sense.

It is not easy for the English critics  
to be just in their estimation of a sov-  
ereign whom they have underrated for  
years. He has made more reputation  
first and last out of the Chinese compli-  
cations than anybody else, and while  
he has scored heavily off England in  
being admitted into the partnership of  
middle China, he has not excited Rus-  
sian resentment in northern China. He  
is also steadily restoring good relations  
between Germany and France and pos-  
sibly will exert his influence strongly  
upon Constantinople toward a settle-  
ment of the existing dispute.

### CENTRAL AMERICAN WAR.

Ecuador Has Taken a Stand in the Fight  
Against Colombia.

Washington, Sept. 6.—The Colombian  
charge d'affaires, Thomas Herran, called  
at the state department early this morn-  
ing and had an extended conference  
with Acting Secretary Adee concerning  
the latest phases of the trouble at and  
about the isthmus of Panama and par-  
ticularly of official dispatches from Co-  
lombia stating that Ecuador had cast  
her lot against Colombia. Mr. Herran  
presented two dispatches received Thurs-  
day, one from Cali, near the Ecuadorian  
frontier, and the other from Panama.  
Secretary's Adee and Herran went

over the situation on the Pacific and  
Atlantic side and discussed steps which  
should be taken. On the part of the  
United States the presence of the Iowa  
and Ranger at Panama give a large  
available force. Colombia also has a  
small craft at Panama and expected  
that as the result of new developments  
these will be moved south toward the  
Ecuadorian border.

On the Atlantic side Bocas del Toro  
continues to be the critical point and  
the navy department is preparing to  
have the vessel there on short notice.

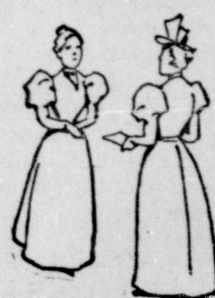

### Capture an American Missionary.

Washington, Sept. 6.—The state de-  
partment has received information from  
the United States legation at Constanti-  
nople confirming press reports of the  
capture of an American missionary by  
brigands. The dispatch reports the  
brigands captured Miss Stone an Ameri-  
can missionary, who was travelling  
with a lady companion in Salonico.  
The department adds that the matter  
has received immediate and earnest at-  
tention by Minister Leischmann.

The shooting of President Mc-  
Kinley by an assassin has shocked  
not only the American nation, but  
the civilized world and, should he  
die, as he doubtless will from the  
nature of his wounds, is a more  
deplorable tragedy and an event of  
greater import than the assassina-  
tion of either Lincoln or Garfield,  
because our nation is now greater  
and more enlightened than when  
those events darkened the pages of  
our history. The American people  
will as one man condemn the das-  
tardly crime, which is the outcome  
of that anarchistic spirit which is  
growing in the populous centers of  
the north and east, and which re-  
cognizes law but to defy it, and has  
respect for neither God nor man.  
It is the bane of modern civiliza-  
tion and can only be dealt with by  
treading upon it with an iron  
heel wherever it shows its Hydra  
head. Social conditions may foster  
it to some extent, but the damnable, murderous spirit of it  
was born and lives in the breasts  
of human hyenas who live but to  
destroy and overthrow, so far as  
they are able, all constituted au-  
thority of whatever kind. Night  
and chaos alone perhaps could  
calm the lawless, murderous spirit  
of their fevered brains.

## TEXAS NEWS.

Shot in the Face.

Sherman, Tex., Sept. 6.—Joseph Eads,  
track foreman on the Interurban, is suf-  
fering from a painful pistol shot wound.  
The ball entered the right cheek just  
below the eye and glancing over the  
bone, came out under the lobe of the  
ear. The man who all eye witnesses  
say did the shooting got into a buggy  
and rode away. He does not live in  
the city and the local officers in the  
community in which he resides have  
been notified.

Ran into a Freight Train.

Forney, Tex., Sept. 3.—Passenger train  
No. 1, ran into the rear end of freight  
train No. 15, demolishing the caboose  
and one box car loaded with pine ties.  
The pilot and front end of the passen-  
ger engine were badly damaged. None  
of the passengers were seriously injured.  
Several were bruised. One man had his  
arm broken. The postal clerk had his  
arm hurt. The freight train was switch-  
ing the yards and failed to get in the  
clear and the passenger train rounded  
the curve, coming at full speed.

To Rebuild Packinghouse.

Palestine, Tex., Sept. 6.—At a meet-  
ing of the directors of the Palestine  
Packing company it was decided to re-  
build the plant that was destroyed by  
fire some time ago. The plant will be  
located on the same spot, but will be  
much larger and better equipped. It  
will be fitted for handling beef, mutton,  
etc., as well as pork, and an ice factory  
will be run in connection. Work on  
the new plant will begin at once.

Looking for Homes in Texas.

Denison, Tex., Sept. 6.—The Katy  
Flyer from the north Wednesday had  
the largest excursion of Texas homeseek-  
ers that any train has brought to the  
state this summer. There were 12  
heavily loaded coaches, and more than  
100 farmers from Iowa, Illinois, Mis-  
souri and other points coming to Texas  
to look for homes.

Collision at a Crossing.

Dallas, Sept. 6.—A serious collision  
occurred here late yesterday afternoon  
between a Santa Fe passenger and a  
Texas and Pacific freight at the cross-  
ings of the two roads in the eastern por-  
tion of the city. A. F. Jackson, mail  
clerk, was killed and several trainmen  
and passengers injured, but none seri-  
ously. Out of a car of 31 horses and  
mules 15 animals were killed. The  
mail and express car was totally wrecked,  
the freight engine throw over on its  
side. The responsibility of the wreck  
is as yet unknown. Both train crews  
claim they had the right-of-way. Loss  
considerable.

Run Over at Corsicana.

Corsicana, Tex., Sept. 6.—A man  
whose name is thought to be Charles  
Richey was run over and killed in the  
Houston and Texas Central yards here.  
The body was found lying across the  
track with the head, left arm and right  
leg crushed off. The coroner states that  
he thinks the man lay down across the  
track with suicidal intent.

Corsicana Oil Field.

Corsicana, Sept. 6.—The following  
statement from the pipe line office  
shows the extent of the local oil opera-  
tions for the month: Wells completed  
2, wells producing 2, gas wells none,  
dry wells none, abandoned wells 2, drill-  
ing 2, rigs 4. Total Sept. 1, 1901: Wells  
completed 1072, wells producing 605,  
gas wells 23, dry wells 229, abandoned  
215.

Triple Marriage Ceremony.

Paris, Tex., Sept. 6.—An interesting  
triple wedding occurred on Wednesday  
night at church at Halesboro, across the  
Red River county line. The contracting  
parties were J. C. Rouch and Miss  
Amie Spear, John Rouch and Miss Rosa  
Seaman and G. C. Hobbs and Miss Nar-  
cissa Hart. The ceremony was performed  
by Rev. Williams of Deport. All three  
of the couples stood on the floor at once  
and were pronounced man and wife at  
the same time by a single ceremony.

Mexican Killed at Wharton.

Wharton, Tex., Sept. 6.—A shooting  
took place here at the Exchange saloon  
in which a Mexican, Tallie Sanchez, a  
character about town, received a bullet  
from a pistol through the lungs from  
the effects of which he died. Shortly  
following the shooting D. O. Love sent  
for Constable Watts and surrendered to  
the officer, who placed him in jail.

Negro's Skull Fractured.

Palestine, Sept. 6.—Two negroes, Will  
Sparks and Dan Stevens, engaged in a  
difficulty near town and Sparks was hit  
on the head with a rock and his skull  
fractured. Stevens came to town and  
gave himself up to the sheriff and Sparks  
was brought in a wagon. He has the  
lockjaw.

Negro Shot Near Sherman.

Sherman, Tex., Sept. 6.—On the grade  
of the Texas, Red River and Southern  
railway, 20 miles west of Sherman, a  
negro employe at one of the camps was  
shot in the left breast and seriously  
wounded.

Estate Was Partitioned.

Bryan, Tex., Sept. 6.—A friendly par-  
titionment of the estate of Mrs. J. Zulch  
has been effected in the district court  
now in session, the amount involved be-  
ing about \$55. There were 10 parties to  
the suit, some of them being minors.

Brakeman Shot the Negro.

Orange, Tex., Sept. 6.—On a freight  
train that pulled out of the yards here  
Thursday, one of the brakemen found  
two negroes stealing a ride. He ordered  
them off, they showed fight and one of  
them was shot through both legs.

Frank Lee Acquitted.

Marshall, Tex., Sept. 6.—Frank Lee,  
charged with the murder of his half  
brother, Tom Tiffin, was acquitted  
here.

## COTTON BELT HOLD UP.

The Six Robbers Still at Large With No  
Hope of Arrest.

Texarkana, Tex., Sept. 6.—The six  
men who robbed the Cotton Belt train  
at Eylan Tuesday night are still at  
large. The bloodhounds which were  
taken to the scene were of no service as  
the trail was dead. The trail of the  
robbers, however, was struck by Will  
H. Ward, a Texarkana newspaper man  
and a member of the sheriff's posse.  
Ward was accompanied by Yardmaster  
Taylor of the Cotton Belt.

The men discovered where a horse  
had been ridden up to the company's  
store where the large bag of money was  
loaded. It required the efforts of two  
men to carry this bag from the express  
car to the engine. The two gentlemen,  
by the use of a lantern, followed the  
trail several hundred yards and found  
where six horses had been tied. They  
kept the trail until it ran past the old  
mill site on through a blind trail which  
was abandoned several years ago. For  
several miles they followed the blind  
trail until it entered the main county  
road and it was shown that the horse-  
men headed for Texarkana. Ward and  
Taylor were exhausted and could not  
follow the trail further, so returned to  
the main posse.

When they returned, the entire posse  
returned here and the trail was aban-  
doned. One of the horses known to  
have been in the robber gang was found  
by Ward and Taylor, it being the prop-  
erty of a negro. From this house the  
first start toward the men who are be-  
lieved to be implicated was made.

News reached here Thursday night  
that the agent at Redwater, seven miles  
below the scene of the robbery, shot a  
man who is believed to be one of the  
bandits. The entire county is swarm-  
ing with officers who are running down  
every clew.

Receiver Asked For.

New York, Sept. 6.—A bill has been  
filed in the United States circuit court  
in this city, asking for the appointment  
of a receiver for the Great Northern  
Mining and Development company and  
summons have been issued on Albert R.  
Ledoux and Cortland Betts, respect-  
ively president and secretary of the com-  
pany. The institution of this suit came  
as a surprise to the directors of the  
Great Northern, who it is said, had ac-  
quired what they thought was a valid  
title to the Gilt Edge mine in 1900.

The Murder of Dura.

New York, Sept. 6.—By the confes-  
sion of Depalino Tametino, the Italian  
suspect detained in the case of the mur-  
der of J. F. Dura, whose body was  
found near Yonkers Monday, Acting  
Captain Woodruff says that the arrest  
of the murderers is now a question of  
hours only. Capt. Woodruff says the  
murderer is the wayward son of promi-  
nent and wealthy people. His passion  
for money caused him to lure Dura to  
the Woods where he killed him.

Piers to Be Rebuilt.

New York, Sept. 6.—Pennsylvania  
railroad officials make public the fact  
that the company will soon replace its  
present piers in that city with two  
modern iron piers. They will be 700  
feet long and two stories high, and will  
be used by the Red Star Line Steamship  
company, which is part of the Pennsylv-  
ania system. It is announced that  
several new steamships are being built  
for the company. These, it is said, will  
be the largest vessels coming into New  
York harbor except the White Star  
Line steamers.

To Prevent Corner on Grain.

New York, Sept. 6.—Interest in the  
proposed addition to the grades of wheat  
in order to make more difficult the  
cornering of grain in this market, is at-  
tracting much attention in local grain  
circles. The meeting of the trade to be  
held on Sept. 9 will, it is expected, be  
an exciting one, as the committee them-  
selves are divided and the members of  
the trade are taking sides.

France's Power Boasted.

Paris, Sept. 6.—Colonel De Lany has  
an article in the Vie Illustrée in which  
he discusses the possibility of a French  
invasion of England. He says that tak-  
ing into consideration the superiority of  
the French guns, the quality of the  
ammunitions and the bravery of the offi-  
cers and men, he is full of hope for the  
day when the navies of France and  
England will measure strength.

Stabbed in the Abdomen.

Paris, Tex., Sept. 6.—In a difficulty  
at a farm house two miles east of Rox-  
ton, on the Greenville road, Jim West-  
moreland was stabbed with a pocket  
knife in the abdomen and side. The  
difficulty is said to have occurred over a  
game of dominoes. Westmoreland is  
probably fatally wounded.

Manufacturing Plant Burned.

Jefferson, Wis., Sept. 6.—Fire here in  
the plant of the Wisconsin Manufac-  
turing company, manufacturers of chairs  
and other furniture, threatened to de-  
stroy the whole town for a while, but  
was subdued, with a loss aggregating  
between \$50,000 and \$60,000, partly cov-  
ered by insurance.

King Has Heart Trouble.

London, Sept. 6.—Though King Ed-  
ward is conscientiously submitting to  
light, water and massage "cure" at  
Hamburg, a candid friend, a weekly  
paper says, heart trouble which he has  
suffered since and before his accession  
shows no improvement.

Trying to Outdo France.

Constantinople, Sept. 6.—The porte,  
it is said, is endeavoring to come to  
some direct understanding with the  
French claimants against the Ottoman  
government, hoping thus to deprive the  
French government of its grounds for  
action.

### QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

## ECONOMY IS URGED.

Governor Believes Drouth Will Affect Collection of Taxes.

## ONE TASK IS GIVEN.

Only the Appropriation Measure Before the Legislature for Action—Bills Introduced in Both Houses and Were Referred.

Austin, Sept. 6.—The legislature got started off on the second special session Thursday without doing anything momentous. A bluff was made at economy in a proposition to cut off all but two of the house committee clerks, but the suggestion prevailed that it would be well to wait and see if the governor would submit some subjects of general legislation, in which event there would be something for surplus clerks to do.

The governor says very emphatically to all visitors that he will not consider the submission of any additional matters until the appropriation bill has been passed. Then he may think about it. He will not consent to submit the judicial district bill at this time. That means that the house will have nothing but the appropriation bill to work on for the next two weeks, but no one takes the proposition to reduce the clerical forces seriously.

The governor sent a message to the legislature urging economy. The governor's reason was that drouth would affect the collection of taxes.

The appropriation bill introduced in the house carries an appropriation of \$5,650,000.

Both houses adjourned to Monday in order that committees could report by that time.

## More Regiments Coming Home.

Washington, Sept. 6.—The war department has decided to bring the Twenty-third infantry now in the Philippines, home on the transport Buford, which sails for New York via Suez Sept. 15. The Kilpatrick, which sails the same day for San Francisco will bring the Eighteenth infantry. On her next trip in December the Kilpatrick will bring home the nine batteries of the heavy coast artillery. When these commands reach the United States there will be left in the Philippines 43,000 officers and men, and the present plans do not contemplate a further reduction of that force.

## Ecuador Against Colombia.

Washington, Sept. 6.—A cablegram has been received here from an authoritative source in Cali, Colombia, near the Ecuadorian border, stating that Ecuador had intervened as against Colombia with an army well equipped and with vessels of war.

The information is considered clear evidence of Ecuador's intention to join forces with the rebellious element on the isthmus of Panama. Until now Ecuador has maintained a strict neutrality.

## Exiled Cigarmakers Returned.

Key West, Sept. 6.—The thirteen abducted leaders of the striking cigar makers of Tampa have returned from exile. They have been marooned on a barren island off the coast of Honduras and only escaped by an unexpected turn of fortune. The authorities at Washington may order an investigation of the matter.

New York, Sept. 6.—The Canadian and American riflemen shoot at Sea Girt, N. J., for the American centennial palma trophy, emblematical of the world's championship, the Canadians won by a margin of 28 points. ## General McKeever Dead.

Washington, Sept. 6.—Word has been received by the war department of the death of General Chauncey McKeever, United States army, retired, at a health resort near Emden, Hanover, Germany. No details.

## FAST IMPROVEMENTS.

Southern Pacific Railway to Make All Passenger Trains Vestibuled.

San Francisco, Sept. 6.—Under orders from S. E. Harriman regular passenger trains over the Southern Pacific from end to end will be entirely vestibuled within 60 days. Within the same period 50 chair cars will be put into service. Harriman has also ordered for the company 2000 flat cars, 500 stock cars, 400 40-ton coal cars, 1000 30-ton box cars and 250 furniture cars. One thousand of the cars are to be built in the shops at Sacramento and New Orleans.

In the financial statement just issued Mr. Harriman states that for the first five months of this year the company gained in gross earnings over the same period last year \$6,197,300. No other road in the country showed such a large increase.

The Santa Fe is spending an additional \$50,000 for fuel oil equipment for its locomotives.

## Secret Meeting of Officials.

Chicago, Sept. 6.—It is learned that since last Monday the working heads of every road embraced in the Harriman syndicate has been holding secret sessions in Chicago, and these meetings are to continue until the end of next week. All these officials brought with them their stenographers and secretaries and are quartered about the Auditorium annex. None of them registered, and the greatest secrecy has been preserved concerning their movements. When it became known in railroad circles that a meeting was being held it was said its object was to start a vigorous campaign for the purpose of bringing to the Pacific coast and from the eastern centers of commerce every dollar's worth of traffic that can be diverted to this country from the orient.

## Famous Ranch to Be Sold.

Butte, Mont., Sept. 6.—The announcement is made that Senator W. A. Clark is about to become the owner of the Bitter Root stock ranch, founded and brought to perfection by the late Marcus Daly, who was Mr. Clark's bitterest political and business enemy for many years. It is stated that Mrs. Daly is anxious to sell and Senator Clark has sent an agent and personal representative to the ranch to examine it and report to him as to its value.

## British Capture Boers.

London, Sept. 6.—Kitchener's report from Pretoria to the war office covering the capture of Lotter's commando, gives the figures as 19 killed, 52 wounded and 62 captured unwounded. The prisoners include Commandant Lotter and Breedt, Field Cornets Kruger and W. Kruger and Lieutenant Shoeman. Among the killed were two of Vaster's notable rebels. The British casualties were 10 killed and 8 wounded.

## Suicide of Oliver Eylar.

Georgetown, O., Sept. 6.—Oliver Eylar, of Dallas, Tex., who was visiting his brother J. W. Eylar, editor News-Democrat, of this place, shot himself in the temple in the woods near here and was found dead some hours later. He had been acting queer for some days. Supposed heavy losses in Texas oil speculation is supposed to have been the cause. Deceased was a printer and had lived in Texas many years.

## Not a Candidate.

Austin, Sept. 6.—It is learned from excellent source that J. B. Wells of Brownsville has decided not to make the race for governor. It is said his strength will go to T. M. Campbell of Palestine. This leaves the field for Campbell, Crane, Lanham and possibly Speaker R. E. Prince. The politicians here declare that the coming gubernatorial campaign will equal in intensity the memorable Hogg-Clark campaign.

## Sues His Mother-in-Law.

Wabash, Ind., Sept. 6.—Stephen Kemp, for some years manager of the Tremont House, the leading Wabash hotel, began an action for \$20,000 damages against Mrs. Mary Newman, proprietress of the hotel, and among the wealthiest residents of Wabash. The basis of the action is the alleged interference in the relations between him and his wife Katherine, who is a daughter of Mrs. Newman.

## Steamer from Cook's Inlet.

Seattle, Wash., Sept. 6.—The steamer Bertha has arrived from Cook's inlet and the Copper river district. She has about 50 passengers from these districts. Her officers report that the government military road is completed for a distance of 200 miles into the interior from Valdes.

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. ### NO MORE PEACE TERMS

Steel Corporation Decide to Resume  
With Non-Union Men.

### NOTICES ARE POSTED

They Give the Men Until Monday to  
Return to Work—Will Pay No  
Further Attention to Any  
Peace Propositions.

New York, Sept. 6.—It is under-  
stood that it is probable that the United  
States Steel Corporation will take no  
cognizance of the Amalgamated associa-  
tion's executive board of Pittsburgh  
whatever the conclusion may be. It is  
learned from authoritative source that  
the time named in tentative agreement  
reached by the conference here on  
Wednesday had expired; that the steel  
corporation had decided to participate  
in no further peace discussions and that  
there will be an immediate movement  
for a general resumption of work with  
non-union men and such strikers as are  
willing to return to their places.

### NOTICES POSTED.

They Warn All Men to Return to Their  
Places by Monday.

Pittsburg, Sept. 6.—The advisory board  
or the general executive of the Amalga-  
mated association have been ordered to  
this city, it is said, to consider what is  
believed to be a practical ultimatum of  
the United States Steel Corporation.

President Shaffer was at the Amalga-  
mated rooms early this morning, but  
refused to give any information, or ad-  
mit a conference had been called.  
Others were equally reticent.

Among the rumors current was one  
to the effect that the board would  
go to New York at once, but this  
could not be confirmed. Another re-  
port was that the plan for a settlement  
of the strike would be decided upon  
that would be acceptable to steel offi-  
cials.

In corporation circles it is positively  
announced that as the last offer made  
by the steel combination has been re-  
jected that all negotiations are ended.

Orders have been given to start all  
idle plants immediately and prepara-  
tions begun to resume with non-union  
men.

A notice was posted at the Demmler  
works requesting operatives to return  
to work by Monday or new men would  
take their places.

Advices from McKeesport show that  
1000 men are working.

At the Painter works it is announced  
that sufficient men to operate a double  
turn have been secured and five mills  
will be put on next week.

### A Possible Settlement.

Pittsburg, Sept. 6.—The prevailing  
opinion in Pittsburg is that the steel  
strike is practically settled, but nothing  
positive can be learned from either side  
to the contrary. Yesterday was spent  
by the Amalgamated advisory board in  
secret conference, behind doors guarded  
closer than ever before. The newspaper  
"dead line" was drawn most effectually.  
When adjournment for the day came,  
those who had been inside headquarters  
refused to talk.

### Looks Like a Strike.

Pittsburg, Kas., Sept. 6.—The situa-  
tion in the miners' strike looks more  
serious. The miners national board has  
authorized the district board to use ex-  
treme measures if necessary to force the  
"big four" operators to a recognition of  
the union, which is virtually the cause  
of the trouble.

State Labor Commissioner Johnson is  
here and has offered his services as ar-  
bitrator, but the district board decided  
that arbitration is not wanted for the  
present.

All the mills are preparing for trouble.  
Stockades are being built about the  
mines and guards are being posted.  
There is bad feeling between the union  
and non-union men and trouble may  
ensue.

### Assaulted by Strikers.

Pittsburg, Sept. 6.—A Canal Dover,  
Ohio, dispatch says General Manager  
Cline of the American Sheet Steel com-  
pany's plant, was assaulted by a striker  
and carried to his carriage unconscious.  
It is not known how serious he was in-  
jured.

### State Treasurer Stowers Resigns.

Jackson, Miss., Sept. 6.—J. R. Stow-  
ers, the state treasurer, suspended by  
Governor Longino last week as a result  
of an alleged shortage found when the  
governor counted the cash and which  
was made good later, has tendered his  
resignation as treasurer and the govern-  
or has accepted it. The governor, it is  
understood, will appoint Acting Treas-  
urer Carlisle to the vacancy and order  
an election as provided by law.

### Church Burned and Pastor Arrested.

Philadelphia, Sept. 6.—The Padding-

ton African Baptist church, a small,  
frame structure at Fifty-eighth and  
Race streets, was destroyed by fire. Rev.  
N. H. Hester, the pastor, was arrested  
charged with setting fire to the edifice.  
Hester was suspended by the elders a  
month ago, having been accused by his  
wife of immoral conduct.

### A STORMY SESSION.

Injection of Boer War into Methodist  
Conference Caused It.

London, Sept. 6.—A stormy meeting  
of the ecumenical Methodist conference  
resulted this morning from the read-  
ing by Rev. C. W. Smith of Pittsburg,  
Pa., of a paper on "The Influence of  
Methodism in the Promotion of Inter-  
national Peace." The 5-minute rule  
was adopted and the pastors made fiery  
speeches for and against the war in  
South Africa. The campaign came in  
for a lot of criticism and the chairman  
ruled the reference to it out of order.  
Many Americans took part in the dis-  
cussion, but none of the more promi-  
nent bishops spoke. The speeches were  
punctuated by frequent noisy interrup-  
tions and cheers and counter cheers.  
There was a scene of considerable disor-  
der, and the discussion terminated with-  
out any conclusion being reached.

Rev. George Elliott of Detroit, Mich.,  
bitterly denounced the war.

Rev. R. J. Cook of Chattanooga,  
Tenn., defended the necessity of hos-  
tilities to vindicate principles.

Rev. J. M. King of Philadelphia, Pa.,  
said the best solution of the question  
was in President McKinley's sentences  
uttered at Buffalo: "Period of exclusiv-  
ness is past. Expansion of our trade  
and commerce is the pressing problem.  
Commercial wars are unprofitable. A  
policy of good will and friendly trade  
relations will prevent reprisals. Reci-  
procity treaties are in harmony with  
the spirit of the times, measures of re-  
taliation are not." The reading of which  
brought forth loud applause.

Robert W. Perks, a member of par-  
liament, a prominent contractor and  
vice president of the Liberal imperial  
council, deprecated the usefulness of  
clerical manifestos. He believed some  
wars were necessary, but the growing  
tendency toward unnecessary strife was  
due greatly to the influence of corrupt,  
unlicensed journalism.

Rev. E. E. Hoss of Nashville, Tenn.,  
said it would be impertinence for the  
conference to tell Great Britain what to  
do in South Africa.

### KAISER DISPLAYS TACT.

He Saved the Chinese Situation Where  
Other Sovereigns Failed.

New York, Sept. 6.—Discussing the  
Prince Chun incident and the reception  
of the famous Chinaman by the Ger-  
man emperor, the London correspon-  
dent of The Tribune, says the German  
emperor will be fortunate if he escapes  
the caricaturist art, for the leading  
writers are unable to resist the tempta-  
tion to ridicule the Chinese melodrama  
or farce stage-managed by him. The  
democratic view of this theatrical in-  
cident differs from the press opinion.  
The German emperor is credited with  
having shown astuteness and cleverness  
in making something out of a bad, an  
apparently hopeless situation. The em-  
press dowager and Prince Chun have  
baffled the resources of European diplo-  
macy, and had forced from the German  
emperor concessions which took the  
sting of humiliation out of the mission  
of reparation. The diplomatic view is  
that the emperor saved the situation  
where any other sovereign in Europe  
would have failed of tact of inventive  
skill and dramatic sense.

It is not easy for the English critics  
to be just in their estimation of a sov-  
ereign whom they have underrated for  
years. He has made more reputation  
first and last out of the Chinese com-  
plications than anybody else, and while  
he has scored heavily off England in  
being admitted into the partnership of  
middle China, he has not excited Rus-  
sian resentment in northern China. He  
is also steadily restoring good relations  
between Germany and France and pos-  
sibly will exert his influence strongly  
upon Constantinople toward a settle-  
ment of the existing dispute.

Ecuador Has Taken a Stand in the Fight  
Against Colombia.

Washington, Sept. 6.—The Colombian  
charge d'affaires, Thomas Herran, called  
at the state department early this morn-  
ing and had an extended conference  
with Acting Secretary Adee concerning  
the latest phases of the trouble at and  
about the isthmus of Panama and par-  
ticularly of official dispatches from Co-  
lombia stating that Ecuador had cast  
her lot against Colombia. Mr. Herran  
presented two dispatches received Thurs-  
day, one from Cali, near the Ecuadorean  
frontier, and the other from Panama.  
Secretary's Adee and Herran went

The shooting of President Mc-  
Kinley by an assassin has shocked  
not only the American nation, but  
the civilized world and, should he  
die, as he doubtless will from the  
nature of his wounds, is a more  
deplorable tragedy and an event of  
greater import than the assassina-  
tion of either Lincoln or Garfield,  
because our nation is now greater  
and more enlightened than when  
those events darkened the pages of  
our history. The American people  
will as one man condemn the das-  
tardly crime, which is the outcome  
of that anarchistic spirit which is  
growing in the populous centers of  
the north and east, and which re-  
cognizes law but to defy it, and has  
respect for neither God nor man.  
It is the bane of modern civiliza-  
tion and can only be dealt with by  
treading upon it with an iron  
heel wherever it shows its Hydra  
head. Social conditions may foster  
it growth to some extent, but the  
damnable, murderous spirit of it  
was born and lives in the breasts  
of human hyenas who live but to  
destroy and overthrow, so far as  
they are able, all constituted au-  
thority of whatever kind. Night  
and chaos alone perhaps could  
calm the lawless, murderous spirit  
of their fevered brains.

## TEXAS NEWS.

### Shot in the Face.

Sherman, Tex., Sept. 6.—Joseph Eads,  
track foreman on the Interurban, is suf-  
fering from a painful pistol shot wound.  
The ball entered the right cheek just  
below the eye and glancing over the  
bone, came out under the lobe of the  
ear. The man who all eye witnesses  
say did the shooting got into a buggy  
and rode away. He does not live in the  
city and the local officers in the  
community in which he resides have  
been notified.

### Ran into a Freight Train.

Forney, Tex., Sept. 3.—Passenger train  
No. 1, ran into the rear end of freight  
train No. 15, demolishing the caboose  
and one box car loaded with pine ties.  
The pilot and front end of the passen-  
ger engine were badly damaged. None  
of the passengers were seriously injured.  
Several were bruised. One man had his  
arm broken. The postal clerk had his  
arm hurt. The freight train was switch-  
ing the yards and failed to get in the  
clear and the passenger train rounded  
the curve, coming at full speed.

### To Rebuild Packinghouse.

Palestine, Tex., Sept. 6.—At a meet-  
ing of the directors of the Palestine  
Packing company it was decided to re-  
build the plant that was destroyed by  
fire some time ago. The plant will be  
located on the same spot, but will be  
much larger and better equipped. It  
will be fitted for handling beef, mutton,  
etc., as well as pork, and an ice factory  
will be run in connection. Work on  
the new plant will begin at once.

### Looking for Homes in Texas.

Denison, Tex., Sept. 6.—The Katy  
Flyer from the north Wednesday had  
the largest excursion of Texas homeseek-  
ers that any train has brought to the  
state this summer. There were 12  
heavily loaded coaches, and more than  
100 farmers from Iowa, Illinois, Mis-  
souri and other points coming to Texas  
to look for homes.

### Collision at a Crossing.

Dallas, Sept. 6.—A serious collision  
occurred here late yesterday afternoon  
between a Santa Fe passenger and a  
Texas and Pacific freight at the cross-  
ings of the two roads in the eastern por-  
tion of the city. A. F. Jackson, mail  
clerk, was killed and several trainmen  
and passengers injured, but none seri-  
ously. Out of a car of 31 horses and  
mules 15 animals were killed. The  
mail and express car was totally wrecked,  
the freight engine throw over on its  
side. The responsibility of the wreck  
is as yet unknown. Both train crews  
claim they had the right-of-way. Loss  
considerable.

### Run Over at Corsicana.

Corsicana, Tex., Sept. 6.—A man  
whose name is thought to be Charles  
Richey was run over and killed in the  
Houston and Texas Central yards here.  
The body was found lying across the  
track with the head, left arm and right  
leg crushed off. The coroner states that  
he thinks the man lay down across the  
track with suicidal intent.

completed 1072, wells producing 605,  
gas wells 23, dry wells 229, abandoned  
215.

### Triple Marriage Ceremony.

Paris, Tex., Sept. 6.—An interesting  
triple wedding occurred on Wednesday  
night at church at Halesboro, across the  
Red River county line. The contract-  
ing parties were J. C. Roach and Miss  
Amie Spear, John Roach and Miss Rosa  
Seaman and G. C. Hobbs and Miss Nar-  
cissa Hart. The ceremony was performed  
by Rev. Williams of Deport. All three  
of the couples stood on the floor at once  
and were pronounced man and wife at  
the same time by a single ceremony.

### Mexican Killed at Wharton.

Wharton, Tex., Sept. 6.—A shooting  
took place here at the Exchange saloon  
in which a Mexican, Tallie Sanchez, a  
character about town, received a bullet  
from a pistol through the lungs from  
the effects of which he died. Shortly  
following the shooting D. O. Love sent  
for Constable Watts and surrendered to  
the officer, who placed him in jail.

### Negro's Skull Fractured.

Palestine, Sept. 6.—Two negroes, Will  
Sparks and Dan Stevens, engaged in a  
difficulty near town and Sparks was hit  
on the head with a rock and his skull  
fractured. Stevens came to town and  
gave himself up to the sheriff and Sparks  
was brought in a wagon. He has the  
lockjaw.

### Negro Shot Near Sherman.

Sherman, Tex., Sept. 6.—On the grade  
of the Texas, Red River and Southern  
railway, 20 miles west of Sherman, a  
negro employe at one of the camps was  
shot in the left breast and seriously  
wounded.

### Estate Was Partitioned.

Bryan, Tex., Sept. 6.—A friendly par-  
titionment of the estate of Mrs. J. Zulch  
has been effected in the district court  
now in session, the amount involved be-  
ing about \$55. There were 10 parties to  
the suit, some of them being minors.

### Brakeman Shot the Negro.

Orange, Tex., Sept. 6.—On a freight  
train that pulled out of the yards here  
Thursday, one of the brakemen found  
two negroes stealing a ride. He ordered  
them off, they showed fight and one of  
them was shot through both legs.

### Frank Lee Acquitted.

brother, Tom Tiffin, was acquitted

## COTTON BELT HOLD UP.

### The Six Robbers Still at Large With No Hope of Arrest.

Texarkana, Tex., Sept. 6.—The six  
men who robbed the Cotton Belt train  
at Eylan Tuesday night are still at  
large. The bloodhounds which were  
taken to the scene were of no service as  
the trail was dead. The trail of the  
robbers, however, was struck by Will  
H. Ward, a Texarkana newspaper man  
and a member of the sheriff's posse.  
Ward was accompanied by Yardmaster  
Taylor of the Cotton Belt.

The men discovered where a horse  
had been ridden up to the company's  
store where the large bag of money was  
loaded. It required the efforts of two  
men to carry this bag from the express  
car to the engine. The two gentlemen,  
by the use of a lantern, followed the  
trail several hundred yards and found  
where six horses had been tied. They  
kept the trail until it ran past the old  
mill site on through a blind trail which  
was abandoned several years ago. For  
several miles they followed the blind  
trail until it entered the main county  
road and it was shown that the horse-  
men headed for Texarkana. Ward and  
Taylor were exhausted and could not  
follow the trail further, so returned to  
the main posse.

When they reported, the entire posse  
returned here and the trail was aban-  
doned. One of the horses known to  
have been in the robber gang was found  
by Ward and Taylor, it being the prop-  
erty of a negro. From this house the  
first start toward the men who are be-  
lieved to be implicated was made.

News reached here Thursday night  
that the agent at Redwater, seven miles  
below the scene of the robbery, shot a  
man who is believed to be one of the  
bandits. The entire county is swar-  
ring with officers who are running down  
every clew.

### Receiver Asked For.

New York, Sept. 6.—A bill has been  
filed in the United States circuit court  
in this city, asking for the appointment  
of a receiver for the Great Northern  
Mining and Development company and  
summons have been issued on Albert R.  
Ledoux and Cortland Betts, respecti-  
vely president and secretary of the com-  
pany. The institution of this suit came  
as a surprise to the directors of the  
Great Northern, who it is said, had ac-  
quired what they thought was a valid  
title to the Gilt Edge mine in 1896.

### The Murder of Dura.

New York, Sept. 6.—By the confes-  
sion of Depalino Tametino, the Italian  
suspect detained in the case of the mur-  
der of J. F. Dura, whose body was  
found near Yonkers Monday, Acting  
Captain Woodruff says that the arrest  
of the murderers is now a question of  
hours only. Capt. Woodruff says the  
murderer is the wayward son of promi-  
nent and wealthy people. His passion  
for money caused him to lure Dura to  
the Woods where he killed him.

### Piers to Be Rebuilt.

New York, Sept. 6.—Pennsylvania  
railroad officials make public the fact  
that the company will soon replace its  
present piers in that city with two  
modern iron piers. They will be 700  
feet long and two stories high, and will  
be used by the Red Star Line Steamship  
company, which is part of the Pennsyl-  
vania system. It is announced that  
several new steamships are being built  
for the company. These, it is said, will  
be the largest vessels coming into New  
York harbor except the White Star  
Line steamers.

### To Prevent Corner on Grain.

New York, Sept. 6.—Interest in the  
proposed addition to the grades of wheat  
in order to make more difficult the  
cornering of grain in this market, is at-  
tracting much attention in local grain  
circles. The meeting of the trade to be  
held on Sept. 9 will, it is expected, be  
an exciting one, as the committee them-  
selves are divided and the members of  
the trade are taking sides.

### France's Power Boasted.

Paris, Sept. 6.—Colonel De Lany has  
an article in the Vie Illustrée in which  
he discusses the possibility of a French  
invasion of England. He says that tak-  
ing into consideration the superiority of  
the French guns, the quality of the  
armaments and the bravery of the offi-  
cers and men, he is full of hope for the  
day when the navies of France and  
England will measure strength.

### Stabbed in the Abdomen.

Paris, Tex., Sept. 6.—In a difficulty  
at a farm house two miles east of Rox-  
ton, on the Greenville road, Jim West-  
moreland was stabbed with a pocket  
knife in the abdomen and side. The  
difficulty is said to have occurred over a  
game of dominoes. Westmoreland is  
probably fatally wounded.

### Manufacturing Plant Burned.

Jefferson, Wis., Sept. 6.—Fire here in  
the plant of the Wisconsin Manufac-  
turing company, manufacturers of chairs  
and other furniture, threatened to de-  
stroy the whole town for a while, but  
was subdued, with a loss aggregating  
between \$50,000 and \$60,000, partly cov-  
ered by insurance.

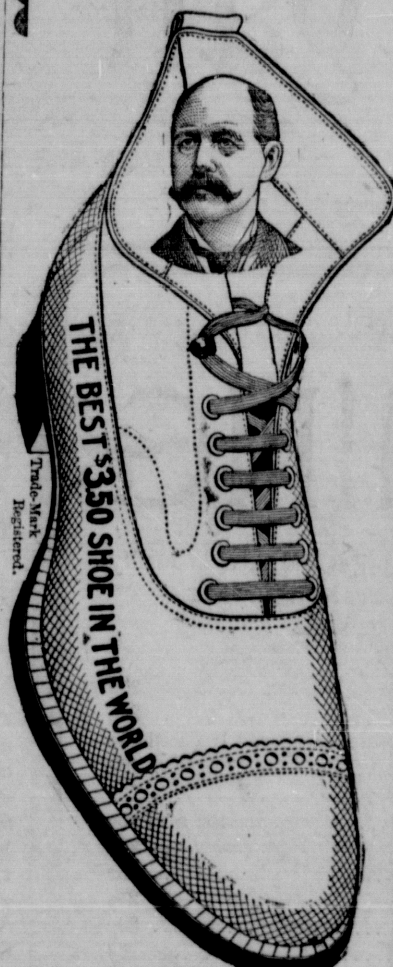

### King Has Heart Trouble.

London, Sept. 6.—Though King Ed-  
ward is conscientiously submitting to  
light, water and massage "cure" at  
Hamburg, a candid friend, a weekly  
paper says, heart trouble which he has  
suffered since and before his accession  
shows no improvement.

### Trying to Outdo France.

Constantinople, Sept. 6.—The porte,  
it is said, is endeavoring to come to  
some direct understanding with the  
French claimants against the Ottoman  
government, hoping thus to deprive the  
French government of its grounds for  
action.

### QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

**ECONOMY IS URGED.**  
 Governor Believes Drouth Will Affect Collection of Taxes,  
**ONE TASK IS GIVEN.**  
 Only the Appropriation Measure Before the Legislature for Action—Bills Introduced in Both Houses and Were Referred.  
 Austin, Sept. 6.—The legislature got started off on the second special session Thursday without doing anything momentous. A bluff was made at economy in a proposition to cut off all but two of the house committee clerks, but the suggestion prevailed that it would be well to wait and see if the governor would submit some subjects of general legislation, in which event there would be something for surplus clerks to do.  
 The governor says very emphatically to all visitors that he will not consider the submission of any additional matters until the appropriation bill has been passed. Then he may think about it. He will not consent to submit the judicial district bill at this time. That means that the house will have nothing but the appropriation bill to work on for the next two weeks, but no one takes the proposition to reduce the clerical forces seriously.  
 The governor sent a message to the legislature urging economy. The governor's reason was that drouth would affect the collection of taxes.  
 The appropriation bill introduced in the house carries an appropriation of \$5,650,000.  
 Both houses adjourned to Monday in order that committees could report by that time.  
**More Regiments Coming Home.**  
 Washington, Sept. 6.—The war department has decided to bring the Twenty-third infantry now in the Philippines, home on the transport Buford, which sails for New York via Suez Sept. 15. The Kilpatrick, which sails the same day for San Francisco will bring the Eighteenth infantry. On her next trip in December the Kilpatrick will bring home the nine batteries of the heavy coast artillery. When these commands reach the United States there will be left in the Philippines 43,000 officers and men, and the present plans do not contemplate a further reduction of that force.  
**Ecuador Against Colombia.**  
 Washington, Sept. 6.—A cablegram has been received here from an authoritative source in Cali, Colombia, near the Ecuadorian border, stating that Ecuador had intervened as against Colombia with an army well equipped and with vessels of war.  
 The information is considered clear evidence of Ecuador's intention to join forces with the rebellious element on the isthmus of Panama. Until now Ecuador has maintained a strict neutrality.  
**Exiled Cigarmakers Returned.**  
 Key West, Sept. 6.—The thirteen abducted leaders of the striking cigar makers of Tampa have returned from exile. They have been marooned on a barren island off the coast of Honduras and only escaped by an unexpected turn of fortune. The authorities at Washington may order an investigation of the matter.  
**The Canadians Won.**  
 New York, Sept. 6.—The Canadian and American riflemen shoot at Sea Girt, N. J., for the American centennial palma trophy, emblematical of the world's championship, the Canadians won by a margin of 25 points. The contest was practically a duel between the American Krag and the English Lee-Enfield weapons.  
**Crime Is Ten Years Old.**  
 Lake Charles, La., Sept. 6.—John Anderson, a negro charged with killing another negro in West Lake 10 years ago, was arrested at Franklin and brought here and lodged in jail. The killing occurred Nov. 23, 1891, and the man killed was Billy Ellender.  
**Starving in Russia.**  
 London, Sept. 6.—"Russian newspapers are forbidden to refer to famine condition in Russia," says the St. Petersburg correspondent of the Daily Mail, "because hunger and scurvy have broken out in many districts and hundreds are dying daily."  
**Schley's Request Granted.**  
 Washington, Sept. 6.—Schley has finally succeeded in getting Acting Secretary Hackett to order to Washington for consultation with himself and counsel the officers whom he desires to give testimony before the court of inquiry.  
**General McKeever Dead.**  
 Washington, Sept. 6.—Word has been received by the war department of the death of General Chauncey McKeever, United States army, retired, at a health resort near Emden, Hanover, Germany. No details.  
**American Woman Kidnaped.**  
 Constantinople, Sept. 6.—Brigands have carried off an American woman engaged in missionary work and a woman companion in the districts of Djumabala, vilayet of Samonika.  
**To Vancouver for a Prisoner.**  
 Hillsboro, Tex., Sept. 6.—Sheriff Satterfield left for Vancouver Thursday with requisition papers for Sam Clements, who is wanted here on charges of forgery.

**THOSE OBSERVATION SLEEPERS**  
 run via "THE DENVER ROAD"  
 from Fort Worth to Colorado Springs every morning are among the handiwork of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."
